

JOEY R. SALOZA

Computer Engineer, CDAA

Bagbag Tanauan City, Batangas | salozajoey9@gmail.com | 09812484519

LinkedIn: [linkedin.com/in/joey-saloza](https://www.linkedin.com/in/joey-saloza)

PROFESSIONAL SUMMARY

Computer Engineering graduate and Certified Data Analytics Associate (CDAA™) with practical experience in financial data reconciliation, statistical analysis, and end-to-end data pipelines. Proficient in Python (Pandas, NumPy, and Matplotlib), SQL, Advanced Excel, and business intelligence platforms (Tableau and Power BI). Proven track record in analyzing patterns and trends in multi-variable datasets and applying rigorous statistical frameworks to validate artificial intelligence models.

WORK EXPERIENCE

Asia Pacific Network (APN) Philippines Inc.

OJT Intern – Data & Operations

Alabang, Muntinlupa City

February 2026 – April 2026

- Reconciled 150 to 200+ daily PHP transactions and 30–50 daily USD transactions across multiple clients, using Pivot Tables to total figures into bank-formatted Excel files.
- Cross-checked Xero compared to internal portal databases logs each cycle, catching 15–30 discrepancies per account across both PHP and USD.
- Generated and reconciled prepayment invoices for 100+ clients through the Internal Portal.
- Collected inventory data from the OJT team and consolidated it into Google Sheets, covering 50+ physical assets across 33 item categories.
- Ran 200+ test cases with a fellow intern on a client's outbound call system during a one-week SQA rotation.

PROJECTS

Employee Churn Analytics (CDAA Case Study)

Data Analyst

September 2025 – October 2025

Ask Lex PH Academy

- Analyzed 1,470 employee records across 35 variables to study workforce attrition, finding an overall turnover rate of 16.1%.
- Cleaned and validated the dataset in Excel and ran descriptive statistics (mean, median, standard deviation) using the Data Analysis ToolPak on satisfaction, tenure, and income variables.
- Built an interactive Tableau dashboard with attrition and department filters, uncovering that Sales had the highest proportional attrition (21%) despite Research & Development being the largest department.

GardiaScope Thesis Project

Project Team Leader & Full-Stack Developer

March 2025 – April 2026

Batangas State University

- Led a 2-member team building a deep learning solution for Giardia detection using YOLOv8 model architecture.
- Applied Stratified 5-Fold Cross-Validation and Confusion Matrix Analysis to evaluate model performance, reaching 95% mAP.
- Handled dataset engineering, online augmentation, and annotation for microscopic water sample training data.
- Worked with medical technology experts at UP Manila on laboratory validation and calculated the inter-rater agreement between raters results of moderate level with 35–63% reliability.

SKILLS

- Data Analytics & BI:** Exploratory Data Analysis (EDA), Advanced Excel, Tableau, Power BI, OpenRefine, Matplotlib, Pandas, NumPy.
- Database & Querying:** SQL, Firebase Realtime Database, SQLite.
- Statistical Methods:** Descriptive & Inferential Statistics, Two-Sample t-Test, Hypothesis Testing, Stratified 5-Fold Cross-Validation, Confusion Matrix Analysis, Cohen’s Kappa, Correlation Matrix.
- Soft Skills:** Team Leadership, Cross-functional Collaboration, Problem-solving, Attention to Detail.

EDUCATION

Bachelor of Science in Computer Engineering

Batangas State University - The National Engineering University

Batangas City, Batangas

2022 - 2026

CERTIFICATIONS

- Data Science Essentials with Python** | DICT | October 10, 2025
- Certified Data Analytics Associate (CDAA™)** | Ask Lex PH Academy | October 8, 2025
- Apply AI: Analyze Customer Reviews** | DICT | September 13, 2025
- Data Analytics Essentials** | DICT | September 20, 2025
- Machine Learning Using Python** | Ask Lex PH Academy | August 2, 2024
- Lean Six Sigma White Belt Certification** | Ask Lex PH Academy | August 13, 2023
